have fun...relax.. enjoy the country side	if you get in front of a Master at a hunt, weather, walking, trotting or cantering, you own a bottle to that Master	have fun...relax..enjoy the country side...did I say that!	this is cross country riding, it might be slow, it might be fast, but it is the best!...remember you are riding a tradition....learn about it, embrace it and feel it, and that you are privlaged to experience it!...
